INDEPENDENT AUDITORS' REPORT

To the Board of Commissioners
Henderson County Emergency Services District No. 6

Opinion

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Henderson County Emergency Services District No. 6 as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Henderson County Emergency Services District No. 6, as of September 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Henderson County Emergency Services District No. 6 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Henderson County Emergency Services District No. 6's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Henderson County Emergency Services District No. 6's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Henderson County Emergency Services District No. 6's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

HENDERSON COUNTY EMERGENCY SERVICES DISTRICT No. 6 MANAGEMENT'S DISCUSSION AND ANALYSIS

As commissioners of the Henderson County Emergency Services District No. 6 (District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the year ended September 30, 2025. We encourage readers to consider the information presented here in conjunction with the District's financial statements, which begin on page 9. Any references made in this discussion and analysis to the 'current year' or 'current period' refers to the year ended September 30, 2025.

The annual report consists of the Management's Discussion and Analysis, the basic financial statements, and required supplementary information, consisting of the Budgetary Comparison Schedule – General Fund. In accordance with required reporting standards, the District reports its financial activities as a special-purpose government. Special-purpose governments are governmental entities which engage in a single governmental program.

OVERALL HIGHLIGHTS

The District was created to provide fire suppression, fire prevention, first response, and rescue and fire education services for the residents of the District. The District was formed at the beginning of 2014 as a result of a special election held on May 11, 2013 and passed by the residents of the District. It is governed by a Board of Commissioners (Board) and has a fiscal year ending on September 30, which coincides with the fiscal year end of the county government. The District contracts with the Westside Volunteer Fire Department, Inc. (WVFD) to provide the emergency services for the District's territory.

Funding for the District is provided by tax revenues assessed on property owned by residents of the District. The actual tax rate was set at .100000 based on the Budget established in September 2024 for the fiscal year ended September 30, 2025. Funding for the District is also provided by a 1.75% sales & use tax within the District's geographic boundaries.

FINANCIAL HIGHLIGHTS

- The District's total net position was \$4,645,674, an increase of \$1,058,564 from prior year. The entire net position is unrestricted.
- The District's total revenues were \$1,337,908 and total expenses were \$279,344.
- The District's governmental fund reported an ending fund balance of \$6,140,975, an increase of \$3,338,104 from prior year. The entire fund balance is unassigned.
- The District's governmental fund had total revenues of \$1,351,839 and governmental fund expenses were \$513,735.

Total assessed property value for the 2024 tax year was \$489 million, and the amount of property taxes estimated to be paid at the beginning of the year was \$489,339. The amount actually collected by the county tax collector, including delinquent taxes, as of September 30, 2025 was \$489,988. Sales tax revenue increased by 18% in current fiscal year 2025 compared to 2024. Actual funds received for 9/30/2025 were \$421,459.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion is intended to serve as an introduction to the District's basic financial statements which have three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to these basic financial statements.

HENDERSON COUNTY EMERGENCY SERVICES DISTRICT No. 6 MANAGEMENT'S DISCUSSION AND ANALYSIS

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or declining.

The *statement of activities* presents information showing how the District's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, the accrual basis of accounting is used, which is similar to the accounting used by most private sector companies. Some expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements can be found on pages 9 and 10 of this report.

Fund financial statements. The fund financial statements can be found on pages 11 through 13 and provide detailed information about the most significant funds, not the District as a whole. A fund is a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has only one major fund, which is the general fund, and is reported as a governmental fund.

Governmental fund

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, government fund financial statements focus on how money flows into and out of those funds and balances left at year-end that are available for spending. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other financial assets that can readily be converted to cash. For example, under the modified accrual basis of accounting, property taxes collected within sixty days after the current period are recognized as a receivable and as revenue for the current period if collected in time to pay current-period liabilities.

The government fund statements provide a detailed short-term view of the District's general government operations and the services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in reconciliations found on pages 11 and 13.

Required Supplementary Information. In addition to the basic financial statements and accompanying notes, this report also presents certain supplementary information that further explains and supports the information in the financial statements. The required supplementary information relates to comparison of the original adopted budget, the final amended budget, and the actual amounts for the fiscal year.

**HENDERSON COUNTY EMERGENCY SERVICES DISTRICT No. 6
MANAGEMENT'S DISCUSSION AND ANALYSIS**

Budgeting

Each year the District adopts a budget for its General Fund. A budgetary comparison has been provided for the General Fund and can be found on page 23 of this report.

Notes to the financial statements

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 14 through 22 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of government's financial position. The largest portion of the District's assets (85%) represents its cash balance.

Increase (Decrease in Net Position)	1,058,564
Net Position-Beginning	3,587,110
Net Position-Ending	\$ 4,645,674

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the District's governmental fund is to provide information on the near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing arrangements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current period, the District governmental fund reported total fund balances of \$6,140,975, an increase of \$3,338,104 from prior year. The increase was primarily due to loan proceeds received in current year.

General Fund Budgetary Highlights

For the year ending September 30, 2025, the general fund revenues were \$613,093 more than budgeted primarily due to realized and unrealized gains from investments, and property tax and sales tax revenues being more than anticipated. Total general fund expenses were over budget by \$20,644. The majority of this amount was due to dues and fees being more than anticipated.

**HENDERSON COUNTY EMERGENCY SERVICES DISTRICT No. 6
MANAGEMENT'S DISCUSSION AND ANALYSIS**

CAPITAL ASSETS AND DEBT ADMINISTRATION

The land on which the fire station is located was owned by Westside Volunteer Fire Department (WVFD). In 2022, the Westside Volunteer Fire Department transferred all of its capital assets to the district which consists of land, building, fire trucks, and equipment.

A summary of changes in capital assets for the year ended September 30, 2025 is as follows:

Asset Category	Balance 9/30/24	Additions	Deletions	Balance 9/30/25
Land	\$ 210,154	\$ -	\$ -	\$ 210,154
Machinery & Equipment	868,671	288,713	-	1,157,384
Buildings & Bldg. Improvements	32,577	-	-	32,577
Total Property, Plant and Equipment	1,111,402	288,713	-	1,400,115
Less: Accumulated Depreciation	(380,990)	(54,322)	-	(435,312)
Net Property, Plant and Equipment	<u>\$ 730,412</u>	<u>\$ 234,391</u>	<u>\$ -</u>	<u>\$ 964,803</u>

Depreciation expense was \$54,332 in the current fiscal year. The District purchased machinery and equipment in the current year. Total purchased capital assets in current year was \$288,713. Total capital assets including land was \$964,803 net of depreciation.

OTHER OPERATING & ECONOMIC FACTORS

The District's Board works closely with the WVFD Board. Based on the needs of the citizens of the District and recommendations of WVFD, a Budget was established for the fiscal year ended September 30, 2025 and is included at the end of this report as supplemental information. An annual inter local contract agreement was executed on January 18, 2025 for the fiscal year ended September 30, 2025.

The Board has generally established that the District will reimburse the WVFD for pre-approved costs incurred for capital and large-ticket items (training and equipment) as established by the terms of the contract and the Budget.

This financial report is designed to provide our citizens and taxpayers with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives.

HENDERSON COUNTY EMERGENCY SERVICES DISTRICT No. 6
NOTES TO FINANCIAL STATEMENTS
September 30, 2025

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the Henderson County Emergency Services District No.6 (the District) relating to the accompanying basic financial statements conform to accounting principles generally accepted in the United States of America (GAAP) applicable to states and local governments. GAAP for local governments includes those principles prescribed by the Governmental Accounting Standards Board (GASB) and by the Financial Accounting Standards Board (when applicable). The more significant accounting policies of the District are described below:

A. FINANCIAL REPORTING ENTITY

The District is a special purpose district provided for in the Texas Health and Safety Code, Chapter 775. The District was created and operates under Article 111 Section 48-e, of the Texas Constitution, as proposed by S.J.R. No. 37, Acts of the 70th Legislature, Regular Session, 1987. The District was formed at the beginning of 2014 as a result of a special election held on May 11, 2013 and passed by the residents of the District. The District's purpose is to fund fire protection, emergency medical services, fire suppression, and rescue and fire education services for the residents of the District. The District contracted the Westside Volunteer Fire Department, Inc. (WVFD) to provide emergency services for the District. The District is a governmental unit of the state of Texas and is not subject to federal taxes under the Internal Revenue Code. Furthermore, it is not subject to state sales tax.

The District is governed by a Board of Commissioners that acts as the authoritative and legislative body of the entity. The Board of Commissioners elects officers for the following positions: President, Vice-President, Treasurer, Assistant Treasurer, and Secretary. No board member receives compensation for serving on the Board.

The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body and either is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefit to, or impose specific financial burden on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects, or activities of, or the level of services performed or provided by the organization. A financial benefit or burden relationship exists if the primary government (a) is entitled to the organization's resources; (b) is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization; or (c) is obligated in some manner for the debt of the organization. Some organizations are included as component units because of their fiscal dependency on the primary government.

HENDERSON COUNTY EMERGENCY SERVICES DISTRICT No. 6
NOTES TO FINANCIAL STATEMENTS
September 30, 2025

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

A. FINANCIAL REPORTING ENTITY (continued)

An organization is fiscally dependent on the primary government if it is unable to adopt its budget, levy taxes, set rates or charges, or issue bonded debt without approval by the primary government. The District does not meet the criteria for inclusion as a component of any entity, nor does any entity meet the criteria for inclusion as a component unit of the District.

B. BASIS OF PRESENTATION

The accompanying statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The financial statements include all organizations, activities, and functions that comprise the District.

Government-wide Financial Statements

The government-wide financial statements include the Statement of Net Position and the Statement of Activities. These statements report information for the District as a whole. Governmental activities are generally financed through inter-governmental and non-exchange revenues (property taxes). Funding for the District is provided by property tax revenues assessed on property owned by residents of the District and sales taxes collected from businesses in the District.

Government Fund Financial Statements

Separate financial statements are provided for governmental funds. The only fund of the financial reporting entity is the General Fund. The General Fund is the primary operating fund of the District and is used to account for all financial resources of the District. The general fund balance is available to the District for any purpose, provided it is expended or transferred according to the general laws of Texas and as authorized by the District Board of Commissioners.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period.

HENDERSON COUNTY EMERGENCY SERVICES DISTRICT No. 6
NOTES TO FINANCIAL STATEMENTS
September 30, 2025

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (continued)

For this purpose, the District considers property tax revenues to be available if they are collected within sixty days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

Expenses/Expenditures

On an accrual basis of accounting (government-wide financial statements), expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable.

Cash and Cash Equivalents

Cash equivalents include all highly liquid investments with a maturity of three months or less at the date of purchase and treasury bills with a maturity of twelve months or less at the date of purchase. The District has interest bearing cash accounts on deposit with local banks and investments in United States treasury bills.

Receivables

In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received. In the government fund statement receivables consist of uncollected, unearned revenues at year-end, as well as property taxes that are collected within sixty days of the end of the current fiscal period and are considered to be available to pay liabilities of the current period.

Capital Assets

General capital assets generally result from expenditures in the governmental funds and are reported as capital outlay expenditures in the government fund statement. These assets are reported on the government-wide statement of net assets at cost, net of depreciation. Capital assets include a pumper truck used by the fire station.

Accrued Liabilities

The District has \$425 in accrued liabilities on the statement of net position in the current year. The District also has a new notes payable of 2,500,000 as of September 30, 2025.

HENDERSON COUNTY EMERGENCY SERVICES DISTRICT No. 6
NOTES TO FINANCIAL STATEMENTS
September 30, 2025

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (continued)

Net Position

Net position represents the differences between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings, used for the acquisition, construction, or improvement of those assets. Net investment in capital assets excludes unspent bond proceeds. Net position is reported as restricted when there are limitations imposed on its use through external grantors, laws, or regulations of other governments. As of September 30, 2025, the District borrowed \$2,500,000 used for the acquisition, construction, or improvement of assets.

Fund Balances - Governmental Funds

Non-spendable fund balance - amounts that are not in spendable form or are required to be maintained intact. As such, inventory and prepaid items, if applicable, are properly classified in the Governmental Funds Balance Sheet.

Restricted Fund Balance - represents amounts that can be spent only for specific purposes because they are constrained by external parties, constitutional provisions, or enabling legislation.

Committed Fund Balance - represents amounts that can only be used for a specific purpose because of a formal action by the District itself, using its highest level of decision-making authority (i.e., the Board of Commissioners). Committed amounts cannot be used for any other purpose unless the District removes these constraints by taking the same type of formal action.

Assigned Fund Balance - represents amounts which the District intends to use for a specific purpose, but that do not meet the criteria to be classified as restricted or committed. Intent may be stipulated by the District or by an official or body to which the District delegates the authority.

Unassigned Fund Balance - represents that portion of fund equity, which is available for appropriations, in future periods, and is not restricted, committed, or assigned to specific purposes within the general fund.

For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first and then unrestricted. Expenditures incurred in the unrestricted fund balances shall be reduced first from the committed fund balance, then from the assigned fund balance, and lastly, the unassigned fund balance. When expenditures are incurred, and both restricted and unrestricted resources are available, it is the District's policy to use restricted resources first, then unrestricted resources in the order of committed, assigned, and then unassigned, as they are needed. All of the District's fund balance is unassigned as of September 30, 2025.

HENDERSON COUNTY EMERGENCY SERVICES DISTRICT No. 6
NOTES TO FINANCIAL STATEMENTS
September 30, 2025

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Deferred Outflows/Inflows of Resources

A deferred outflow of resources is a consumption of a government's net assets (a decrease in assets in excess of any related decreases in liabilities or an increase in liabilities in excess of any related increase in assets) by the government that is applicable to a future reporting period. The District does not have any items that qualify for reporting in this category.

A deferred inflow of resources is an acquisition of a government's net assets (an increase in assets in excess of any related increase in liabilities or a decrease in liabilities in excess of any related decrease in assets) by the government that is applicable to a future reporting period. The District has one item that qualifies for reporting in this category:

Deferred inflows of resources for unavailable revenues – Reported only in the governmental funds balance sheet, unavailable revenues from property taxes arise under the modified accrual basis of accounting. The amounts are deferred and recognized as an inflow of resources in the period that the amount becomes available.

Budget and Budgetary Accounting

Formal budgetary integration is employed as a management control device for the General Fund. Prior to the beginning of each year, the District prepares a budget. The District has complied with all material budget requirements for the year ended September 30, 2025. An annual budget is adopted by the District's Board of Commissioners using the same basis of accounting as for the fund financial statements. Public meetings are conducted at which all interested persons' comments concerning the budget are heard. After such meetings, the Board formally adopts the budget through passage of an ordinance. The District may amend the budget throughout the year, approving such additional expenditures as may be required. All annual appropriations for the General Fund lapse at the fiscal year-end.

NOTES TO FINANCIAL STATEMENTS
September 30, 2025

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (continued)

Risk Management

The District is exposed to various risks of loss related to torts, theft, damage or destruction of assets, errors and omissions, and natural disasters. During fiscal year 2024, the District purchased commercial insurance to cover general liabilities. There were no significant reductions in coverage in the past fiscal year, and there are no settlements exceeding insurance coverage for each of the past three fiscal years.

NOTE 2 - DEPOSITS AND INVESTMENTS

Custodial Credit Risk - Deposits - Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. State statutes require that all deposits in financial institutions be fully collateralized by U.S. Government obligations or its agencies and instrumentalities or direct obligations of Texas or its agencies and instrumentalities that have a fair value of not less than the principal amount of deposits. As of September 30, 2025, the District's deposits were covered by Federal Depository Insurance or by U.S. Government Obligations.

The District's depository bank deposits for safekeeping and trust with the District's agent, bank approved pledged securities in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation (FDIC) insurance.

NOTE 3 – PROPERTY AND SALES TAXES

Property taxes are levied October 1 on the assessed value listed as of January 1 of the same year for all real and business property located in the District in conformity with Subtitle E, Texas Property Tax Code. Taxes are due upon receipt of the tax bill and are past due and subject to penalties if not paid by February 1 of the year following the levy date. On January 31 of the year following the October 1 levy, a tax lien attached to property to secure the payment of all taxes and penalties are imposed for all unpaid taxes.

The appraisal and recording of all property within the District is the responsibility of the Henderson County Appraisal District (HCAD), an independent governmental unit. Under an interlocal Cooperation Agreement for Ad Valorem Tax Collection Services (ICA) between Henderson County and the District, property taxes are collected by Peggy Goodall, Henderson County Tax Assessor Collector and forwarded to the District. The HCAD, on behalf of the county, charged the District an appraisal fee of five cents per parcel located within the District for the 2024-2025 fiscal years as per the aforementioned ICA. The fee for the current period was \$9,607.

HENDERSON COUNTY EMERGENCY SERVICES DISTRICT No. 6
NOTES TO FINANCIAL STATEMENTS
September 30, 2025

NOTE 3 – PROPERTY AND SALES TAXES (continued)

The property tax rates, established in accordance with state laws, were based on 100% of the net appraised valuation of real property within the District on the 2024 tax roll. The assessed value of the 2024 roll, upon which the current fiscal year was based, was \$489 million.

The tax rates assessed for the current period, to finance general fund operations for the fiscal year ended September 30, 2025, was \$0.1000 per \$100 valuation of assessed property. This amount was \$489,339 per the Tax Assessor.

Per Government Accounting Standards, property taxes are recognized as revenues when levied. Under the accrual basis of accounting (government-wide financial statement), property tax revenue is recognized on October 1 of the current year. However, under the modified accrual basis (government fund statement), property tax is recognized as revenue only when it is both "measurable and available." Revenues that are collected within sixty days of the end of the current fiscal period are considered to be available if used to pay liabilities of the current period.

Delinquent property taxes are not recognized as revenues in the General Fund until received. Delinquent taxes receivable is recorded in taxes receivable with a corresponding entry in deferred revenue until recognized. As such, no allowance for uncollectible taxes is provided for in the general purpose financial statements. Delinquent taxes at September 30, 2025 were \$39,896.

On the government fund statements, the District recognized taxes collected in October 2025 of \$489,988 as revenue. However, uncollected property taxes of \$39,896 as of September 30, 2025 are recognized as revenue in the government-wide financial statement and as deferred revenue in the government fund statement.

The District adopted a sales and use tax of 1.75% within the District's geographic boundary following an election in 2019 as provided for by Section 775.0752 of the Texas Health and Safety Code. Chapter 323, Tax Code applies to the application, collection, and administration of the tax imposed under this section. The Comptroller may make rules for the collection and administration of this tax in the same manner as for a tax imposed under Chapter 323, Tax Code. The Comptroller of the State of Texas handles the collection, administration, and distribution of the sales and use taxes that are collected. The Comptroller charges the District a service fee of 2.0 % of the Total Period Collections on a monthly basis for their services. During the fiscal year ending September 30, 2025, the Comptroller charged the District a total of \$8,601 in service fees which were netted against the sales tax revenue received by the Comptroller.

NOTE 4 – CAPITAL ASSETS

Expenditures for property and equipment are stated at cost. Depreciation for property and equipment is calculated principally on the straight line method over the following estimated useful lives:

Fire Trucks & Equipment	7-20 Years
Buildings & Improvements	31.5 Years

HENDERSON COUNTY EMERGENCY SERVICES DISTRICT No. 6
NOTES TO FINANCIAL STATEMENTS
September 30, 2025

NOTE 4 – CAPITAL ASSETS (continued)

A summary of changes in capital assets for the year ended September 30, 2025 is as follows:

Asset Category	Balance 9/30/2024	Additions	Deletions	Balance 9/30/2025
Land	\$ 210,154	\$ -	\$ -	\$ 210,154
Machinery & Equipment	868,671	288,713	-	1,157,384
Buildings & Bldg. Improvements	32,577	-	-	32,577
Total Property, Plant and Equipment	1,111,402	288,713	-	1,400,115
Less: Accumulated Depreciation	(380,990)	(54,322)	-	(435,312)
Net Property, Plant and Equipment	<u>\$ 730,412</u>	<u>\$ 234,391</u>	<u>\$ -</u>	<u>\$ 964,803</u>

Depreciation expense was \$54,322 in the current fiscal year. Total capital assets including land was \$964,803, net of depreciation.

NOTE 6 – LONG TERM DEBT

	<u>Current</u>	<u>Long-Term</u>	<u>Total</u>
9/12/2025 Note payable to Regions Equipment Finance Corporation, 4.21% interest, annual principal and interest payments of \$306,738. Secured by ad valorem tax revenues and other funds.	\$205,422	\$2,294,578	2,500,000

Future maturities of long-term debt are as follows

	<u>Principal</u>	<u>Interest</u>	<u>Total Debt Service</u>
2026	\$ 205,422	\$ 101,316	306,738
2027	214,239	92,499	306,738
2028	223,435	83,304	306,739
2029	233,025	73,713	306,738
2030	243,027	63,711	306,738
2031-2035	1,380,852	152,842	1,533,694
Totals	<u>\$ 2,500,000</u>	<u>\$ 567,385</u>	<u>\$ 3,067,385</u>

HENDERSON COUNTY EMERGENCY SERVICES DISTRICT No. 6
NOTES TO FINANCIAL STATEMENTS
September 30, 2025

NOTE 7 – SUBSEQUENT EVENTS

Management has evaluated all subsequent events for disclosure and/or recognition through January 31, 2025, the date of the *Independent Auditor's Report*, which is the date the financial statements were available to be issued. During March 2023, the District closed on property that it intends to use to build a new fire station. The District is currently working with an attorney to start the process and has selected an architect to design the building.

HENDERSON COUNTY EMERGENCY SERVICES DISTRICT No. 6
STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES
BUDGET AND ACTUAL - GENERAL FUND

Net Position - Ending (GAAP Basis)			\$ 4,645,674	

See accompanying notes to financial statements.

HENDERSON COUNTY EMERGENCY SERVICES DISTRICT No. 6
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION – BUDGETARY PROCESS
September 30, 2025

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Budgetary Process

The budgetary process has not historically been prescribed by law. However, Texas Health and Safety Code, Section 776.05 was amended on June 17, 2012 by Senate Bill 917 to read "The board may not set the tax rate for a fiscal year before the date the board adopts a budget for that fiscal year." The Board approved in September 2024 the budget for the fiscal year ended September 30, 2025 based on the known property tax assessment available for the year and the tax rate was set accordingly.

Estimated Resources

As part of the District's budgetary process, the Board approves the official estimated revenues projected for the District. The estimated revenue is calculated from information from the Henderson County Appraisal District.

Appropriations

Estimated appropriations are prepared for the annual budget. All appropriations, no matter how small or how large, must be approved by the Board before remittance, whether or not they are included in the budget.

Budgetary Basis of Accounting

The District's budgetary process accounts for certain transactions on a basis other than generally accepted accounting principles (GAAP). The major differences between budgetary basis and GAAP basis lie in the manner in which revenues and expenditures are recorded. Under the budgetary process, revenues and expenditures are recognized on the cash basis. Utilizing the cash basis, revenues are recorded when received in cash and expenditures are recorded when paid. Under the GAAP basis, revenues and expenditures are recorded on the modified accrual basis of accounting on the governmental fund statements and on the full accrual basis on the government-wide statements.
